Apple & Raspberry Fool By Chef Edward Hayden

Method

For the Compote

- Place all the apples, sugar and water together in a medium saucepan and bring to the boil
- Reduce the heat and simmer for 10-15 minutes until they just begin to soften. Do not allow the mixture to become smooth-it is nice to have lumps of fruit still contained. At this stage mix in the fresh raspberries.
- Allow to cool completely.

For the Granola

- Preheat the oven to 180C/350F/Gas Mark 4
- Spread the porridge oats, flaked almonds and hazelnuts onto a flat baking sheet. Scatter the demerara sugar over the top of the oat mixture. Drizzle with the honey and bake in the oven for 15-20 minutes until golden brown and crisp. About 5 minutes before the granola is cooked add

in the sultanas and mixed fruit and return to the oven (they will burn if in too long).

• Remove from the oven, allow the granola to go completely cold and store in an airtight container until required.

To Assemble the Fool

- Mix the cooled apple and raspberry compote into the yogurt. Do not mix it in entirely. It looks more visually impressive to obtain a marbled effect
- Sweeten with the honey if you desire. Alternatively layer the fruit compote up with the yogurt
- Divide the fool mixture between 6 large serving glasses
- Sprinkle a thin layer of the toasted granola on the top and garnish with a sprig of fresh mint.

Ingredients

- 3-4 cooking apples
- 4oz/110g caster sugar
- 5oz/150g raspberries
- 3-4 dessertspoons of water
- 14floz/400ml Irish Yogurts Clonakilty Custard Style Live Yogurt
- 2 dessertspoons of honey (optional)

For the Granola

- 8oz/225g porridge oats
- 4oz/110g flaked almonds
- ∘ 10z/25g hazelnuts
- 20z/50g sultanas
- 20z/50g demerara sugar
- 4 dessertspoons of honey
- 4oz/110g mixed fruit (apricots, prunes, dates etc)
